## **Southgate Surgery Center Gives Magic of Christmas to Local Family** Employees participate in “Adopt a Family” through Volunteers of America

**Southgate, Mich. 2009/12/09** – Southgate Surgery Center is spreading the spirit of Christmas this holiday season by adopting a family of four in the Southgate community. The surgery center was connected with the family through Volunteers of America and will provide them with new clothes, toys, and a holiday dinner.

The surgery center’s family will be one of over 4,000 families adopted across Michigan this holiday season. “It’s important to remember families in need are right here in our community,” said Linda Phillips, Administrator, Southgate Surgery Center. “We’ve been blessed this past year at the surgery center and now we want to give back to our community. What better way than to spread the magic of Christmas.”

Volunteers of America Michigan has been connecting families in need with sponsors for 16 years and last year alone served over 16,000 people. Southgate Surgery Center is participating in the direct sponsorship program where they will be able to deliver their presents directly to the family but sponsorship can be provided in a variety of other ways.
